# THE ARLINGTON PORTABLE RANGE.

CHILSON'S NEW RANGE, 1872.

The first sight of this new and splendid Portable Range will convince all that its equal has never been seen,—in its Beautiful Design, Superior Fine Heavy Castings, with and without Hot Closets, and Reservoirs; also, Hot Water Fronts for Bath Boilers, Sifting Grates, Ash Pans, etc.

Housekeepers will be pleased with this PORTABLE RANGE.

CHILSON'S CELEBRATED AND UNRIVALLED BRICK AND PORTABLE FURNACES,

Ten Sizes.

*Patented in the United States, England and France.*

The high reputation this furnace has acquired, in the use of more than twenty thousand, places it pre-eminently ahead of any other known plan for thoroughly and economically warming buildings. The cuts of the brick or portable furnaces will show at a glance to any intelligent mind the wonderful heating powers, a cluster of tapering Radiators standing directly over the fire, must have over any other form of heating surface, and which is so constructed as to be perfectly gas and smoke tight. Any one in want of a furnace should not fail of thoroughly examining this furnace.

Special attention given to putting up furnaces and Ranges, and the ventilation of buildings in every part of the country.

Nothing but strictly first-class work is manufactured by me.

WITHOUT EXCEPTION, the WATER FRONT FIXTURES for heating water, for BATH BOILERS, &c., are the MOST PERFECT EVER INVENTED. DO NOT FAIL to examine this Stove before purchasing elsewhere.

A VARIETY OF SIZES, WITH or WITHOUT Extension Tops, Reservoirs. Hot Closets, &c., &c., for HARD or SOFT COAL, or Wood, kept constantly on hand.

## CHILSON'S PATENT

### Elevated, Double-Oven COOKING RANGE

HAS BEEN REMODELLED AND GREATLY IMPROVED.

This Celebrated Range is universally acknowledged to be the most complete and perfect Kitchen Range in America.

No housekeeper, who would enjoy the comforts of a really perfect Kitchen Range, should fail to examine this before purchasing. Sizes adapted for dwellings, hotels, &c. with or without water-backs, hot closets, and hot-air fixtures for heating additional rooms.

It excels all others —

1st—In its entirely new principle for circulating the heat around either oven separately, or both ovens, as desired.

2d—In its heavy fine castings and thorough workmanship.

3d—In its GREAT ECONOMY OF FUEL.

4th—In its quick and even baking ovens.

5th—In its self regulating flues, without the usual complication of dampers; and finally, in its general beauty of design, durability, &c.

# INTRODUCTORY.

---

THE twenty-second volume of the Cambridge Directory, and the first issued by the new publishers, is herewith presented to the citizens of Cambridge for their use, and we trust their approval. We have left nothing undone that our long experience could suggest, to make this work thorough and reliable, and the great increase of names over the previous volume shows that we have succeeded in so doing.

We have labored under numerous difficulties in preparing our work this year, among which may be mentioned the inaccuracy of the previous volume; the imperfect numbering of the houses on many streets, and the changes of Boston business men living in Cambridge, who were burned out in the great fire of November 9th and 10th.

We intend making the Cambridge City Directory a standard work, and one worthy of the *second* city in our Commonwealth in population, and the *first* in literary fame and the hospitality of its citizens.

Before closing we desire to call the attention of the business men of Cambridge to the fact that we have made the schedule of prices for advertising as low as possible, and publish the book as it should be, and no deviation will be made in any case from our published rates. We believe this to be the only fair way for our patrons, and call attention to it at this time, as much dissatisfaction has existed among the advertisers in previous volumes on this account.

The following figures show the increase of names this year.

Names in Directory, 1873	.	.	.	.	.	15,055
“ “ 1872	.	.	.	.	.	11,416

With many thanks to the citizens for courtesies and favors shown our agents while collecting the information for this volume,

We remain, yours truly,

**E. D. SPEAR, M. D.,**  
**THE OLD INDIAN DOCTOR,**

So much Celebrated for his Remarkable Cures.

**713 WASHINGTON STREET, BOSTON.**

— Dr. Spear can be consulted upon all Diseases. —

DR. SPEAR has issued a small work in which he says:— In preparing the Medical Hand-book, for the afflicted and the public at large, which is designed to take the place of the more bulky "Family Physician," the author and publisher has several objects in view. The first was to bring it into a more portable size, by eliminating and condensing a large amount of reading matter, and omitting many testimonials received in his earlier practice, thus meeting the demand of this fast and busy age, when few can stop to read long homilies on any subject. But the principal and most important object was to bring to the notice of the public a sample, at least, of the great mass of certificates and testimonials he has received within the last few years, and is now constantly receiving. To these he bespeaks the careful attention of the reader; and he refers to them in no boasting spirit, but simply as evidence that his study and effort to relieve suffering humanity have met with gratifying success. In this regard, he can cheerfully submit his claims as a successful physician, to that truest and most sacred of all tests, "By their fruits shall ye know them."

It may be thought by many hardly necessary to say, after communicating with the public so often and for so long a time, that his treatment of diseases is peculiar to himself; but for the benefit of those just coming upon the stage of action, it may very properly be dwelt upon for a moment. Suffice it to say, in brief, that he has discarded many of the crude and absurd notions that obtained among practitioners of past ages, and clung to by many with surprising tenacity at the present day, and after careful study and diligent research into the various systems of practice, has adopted a system which has common sense combined with science as its basis. Upon this sure foundation, by the full use of his reason and judgment, he has drawn from Nature those pure and safe remedies, which, though all powerful in removing disease, and bringing to the patient joyous and gladsome health, leave no life-long sting behind.

To the sick, therefore, he feels authorized to speak words of encouragement and hope. As will be seen by reading the testimonials, many who were near the gates of death, and given up as lost, have been rescued by his hand and restored to health. Others who are now suffering with little hope of relief, he believes may also be made to enjoy the rich blessings of health. The afflicted, then, of whatever nature, he invites to come to his office, No. 713 WASHINGTON STREET, BOSTON, with the assurance that his utmost skill shall be exerted in their behalf.

The "Medical Hand-book" may be had free. Enclose stamps.

The terms are placed at the very lowest rates possible, and no teachers are employed in this school who are not in the strictest sense *first-class artists*. The object of this institution is not only to produce brilliant pianists, vocalists, violinists, etc., but also to educate teachers who shall be perfectly qualified to instruct others in the *same manner* that they have themselves received instruction in this school.
